About Us

As an extension of Abiding Love Lutheran Church, our preschool exists To spiritually nurture children and their families in the knowledge of Jesus Christ and His Word in a safe and loving environment that helps each child develop spiritually, intellectually, physically, socially, and emotionally.

Our staff has completed the required forty-five hours of state education, and all have CPR and first aid training.

Visit Us!

You and your child are invited to tour our facilities and meet our staff at any time during regular operating hours. Please call ahead for an appointment at 239-984-1443 or 239-984-1442 or email: abidinglovepreschool3@gmail.com

Quality, Christ-Centered Education!

Abiding Love Preschool and Childcare is committed to providing high-quality education and care for children within a nurturing Christian environment. Children are admitted without regard to race, national origin or religious background.

Our curriculum is designed to support all aspects of a child's development, and emphasizes spiritual, academic, social, emotional and physical growth in a safe, stable environment. Children experience both group and individual activities that promote both hands-on and interactive learning.

We strive to encourage the development of the Christian virtues of love, friendship, forgiveness, self-discipline, responsibility, honesty, courage, commitment and faith. By combining loving families, loving teachers and the love of God, we provide a rich educational environment for each child.

Our Curriculum

Bible Time:

Children will learn about Jesus through daily Bible stories, verses, songs that permeates every part of our curriculum. The children also participate in weekly chapel time with Pastor Gensmer. These fun activities are designed to help children find joy in learning God's Word and encourage them to share their love for the Lord with others.

Circle Time:

Daily group teaching time in which children learn to recognize the days of the week, numbers, months of the year, and seasons through calendar work. Children also learn to identify letters, shapes and colors through various group activities and songs.

Center Time:

Monitored free play through which children can feed their creativity through art projects and dramatic play, develop their fine motor skills and gain valuable social experiences.

In addition to these main teaching times, a regular day also includes group story time and outdoor play.
